Dear Educators:

Thank you for choosing a career in a field that has a high level of potential impact on the future. I truly hope you are enjoying your final year and finding it rewarding. I would like to invite you to take part in a process to help prepare you for your future. Our school division is offering teacher candidates an opportunity to take part in an interview, in person or through video conferencing. In doing this we will be able to offer you feedback as well as a chance for you to ask questions to enhance your understanding of school operations or other pertinent topics that will support your future employment. In addition to the experience and feedback, this may be a lead to future employment with our school division. Since this process has started, we have hired a number of interested candidates each year.

We are a growing, vibrant school division searching for teachers who strive for academic excellence. We tend to hire for the next academic year early (usually during the winter months). This provides us an opportunity to ensure we have solid educators in our schools. Ideal candidates would be dedicated to Catholic education and possess a combination of skills and knowledge that would enhance the learning of the students of our school division.

We set up the interviews between the last week of November and first two weeks of December. As previously noted, we typically hire early in the year and anticipate that we will be offering contracts from December until the end of April.

If you are interested in taking part in an interview please forward resumes, including professional references, and a letter of reference from your parish priest (if available) to wskoretz@lcsd.ca by November 16, 2018. We will then contact you with a date and time for an interview, as well as help you with any questions you may have. I hope the remainder of your internship is full of learning and success and look forward to meeting you.

Sincerely,

Kevin Kusch
Deputy Director of Learning
